Description:

This filter represents all tools with faculty usage data where the tool is either 1. Used widely in at least one faculty (i.e. the tool may only be used in faculty of science but is widely used within science) 2. Used in a few courses of at least 3 faculties (i.e. this tool is not used widely in any of the 3 faculties but is used by a handful of classes of each faculty) or 3. Some mixture of both.

Statistics			
Total number of tools used at UBC		156	
Number of Tools Widely Used		37	24% of all tools used at UBC are widely used
	Content	15	17% of all content tools used at UBC are widely used
	Assessment	3	14% of all assessment tools used at UBC are widely used
	Interactions	15	47% of all Interactions tools used at UBC are widely used
	Management and Evaluation	4	13% of all Management and Evaluation tools used at UBC are widely used
